15	33.4	

Skellerup Men's Size Guide Tips:

Please note measurements relate to length only and do not take into account varying widths.

Women - Women's Skellerup boots stop at Size 8/9. If you require a shoe size larger than this it is advised that you move up to a Men's boot. Please use length measurements to find the right fit and note that the boot will be a slightly wider fit than the Women's boots.
