Skellerup Women's/Youth Size Guide Tips:

Please note measurements relate to length only and do not take into account varying widths.

Women's/Youth Perth and Red Band boots are the same style as the Men's boots but made for smaller, more slender feet.

Women's Skellerup boots stop at Size 8/9. If you require a shoe size larger than this it is advised that you move up to a Men's boot. Please use length measurements to find the right fit and note that the boot will be a slightly wider fit than the Women's boots.
